

I am frankly very concerned and shocked about Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election! This is just one example of the danger of media consolidation!

It is my understanding taht Sinclair uses the public airwaves free of charge! It is obligated by law to serve the public interest!! This movie is not in MY interest or the interest of any one in my community!! It is a political smear campaign!!

When large companies control the airwaves, we get more of what's good for the bottom line and less of what we need for our democracy.

Sinclair's actions underline once again why we need to change media ownership rules to make them stronger and not allow all the power in the hands of a few corporations!! They show why the license renewal process needs to involve more than a returned postcard. Please take this seriously!!! Thank you.
